

The following items were extras we had carriage homes add to the house when it was being built:

Security alarm system with option of remote monitoring.

TV and Phone outlets in every room.

220 wired to rear patio for hot tub.

Extra concrete poured to add to covered patio and / or for hot tub.

2 sets of flood lights wired to back yard for security and back yard enjoyment.

110 wired to front under eaves with switch in garage for easy installation of Christmas lights.

Natural Gas plumbed to rear patio for gas bbq.

Water spicket plumbed at side of garage.

TV and 110 wired at ceiling level in dining room for easy / clean wall installation of TV.

Dining room light wired for ceiling fan/light combo including wall switch and heavy duty ceiling box.

Cantilevered kitchen island for bar effect / placement of bar stools under counter.

Reverse Osmosis system in kitchen.

Water softener system in garage.

Recessed lighting above kitchen sink.

The following items we had done after moving in:

Melamine shelving and lighted workbench added in garage.

Extra shelving added to hall and master closet to maximize space.

Gate added at rear fence to access greenbelt.

Updated landscaping and rocked side yard.
